## Computer Network and BYOD Agreement

The school's computer network, internet facilities, computers and other school ICT equipment/devices bring great benefits to the teaching and learning programmes at Waimea College, and to the effective operation of the school.

The school's computer network, internet access facilities, computer and other school ICT equipment/devices are for educational purposes appropriate to the school environment.

***As a responsible user of ICT, students will help keep themselves and other people safe by following these rules:***

1. Each student will have their own username and will log on only with that username. Students will not tell anyone else their password.
2. While at school or a school-related activity, students will not have any involvement with any ICT material or activity which might put themselves or anyone else at risk (e.g. bullying, harassing, or disrespecting someone's privacy – personal information includes name, address, phone numbers, photos and videos).
3. Students can only use the internet and school network for appropriate educational purposes. If in doubt students will seek advice or ask a teacher.
4. If students accidentally access inappropriate material, they will report the incident to a teacher or staff member immediately.
5. Students must not download any files such as music, videos, games or programmes without the permission of a teacher. This makes sure the school complies with the Copyright Act 1994 including amendments. Anyone who infringes copyright may be personally liable under this law.
6. These rules apply to Waimea College equipment and any privately owned ICT equipment that is brought to school or on a school activity e.g. camp. Any images taken must be appropriate to the school environment.
7. Students will not connect any device or attempt to run any software on school ICT equipment without a staff member's permission. This includes all wireless technologies.
8. Students will respect all ICT systems in use at Waimea and treat all ICT equipment/devices with care.
9. The school may monitor or check traffic and any material sent, received and stored on our networks. The school may use filtering and/or monitoring software to restrict access to certain sites and data, including email.
10. If these rules are broken, the school may inform the student's parents or caregivers. In serious cases, the school may take disciplinary action against students. There may be some charge for repair costs. If illegal material or activities are involved, it may be necessary for the school to inform the police.

Disclaimer: Waimea College is not responsible for student-owned devices of any kind and is not liable for any personal device stolen or damaged. Responsibility to keep the device secure rests with the individual owner.

## Blanket Consent for Education Outside the Classroom (EOTC)

Education Outside the Classroom (EOTC) is the name given to all events/activities that occur outside the classroom, both on and off the school site. This includes sport, performing arts and curriculum related trips.

- Our school believes in using a range of environments and experiences to enhance our students' learning.
- We have ready access to the beach, rivers, mountains, and the bush in our area and beyond. We are also close to various built environments in our community. These areas are rich learning environments for our students both in and out of school. They need to learn how to be safe. Our school also values the concept of providing students with opportunities. Some of the learning for students occurs beyond the school site and this document is seeking your consent for your student to participate in such learning.

The Ministry of Education's **EOTC guidelines** identify four EOTC activity types, each with recommended types of parental/caregiver consent. In brief they are:

Type of event	Description	Type of consent
<b>A</b>	<b><i>On-site: Activities on the school grounds</i></b> (i) Lower risk environments e.g. house sports, measuring for mathematics, painting (ii) Higher risk environments e.g. school pool, or climbing wall	(i) None required (ii) Blanket consent
<b>B</b>	<b><i>Off-site: Short visits in the local community during school time</i></b> (i) Lower risk environments e.g. Action Indoor Sports, Science trips, Easby Park (ii) Higher risk environments e.g. aquatic environments (river, beach), cross-country run, mountain biking	(i) Blanket consent (ii) Blanket consent
<b>C</b>	<b><i>Off-site: Activities after school finishes</i></b> (i) Lower risk environments e.g. Farm visits, day hikes, movie theatre excursions (ii) Higher risk environments e.g. rock climbing, skiing, kayaking, swimming in natural environments (river, sea)	(i) Blanket consent (ii) Separate consent for each event or programme
<b>D</b>	<b><i>All off-site: Overnight or multiday</i></b> (i) Lower risk environments e.g. sport tournaments (ii) Higher risk environments e.g. Outdoor Education camps, mountain biking, alpine environments	(i) Separate consent for each event or programme (ii) Separate consent for each event or programme

**All EOTC activity categories** require staff to undertake an analysis of the risks, and to identify the management strategies required to eliminate, isolate and minimise the risks. Emergency procedures are also in place.

**Signing the Enrolment form automatically gives your child cover for all blanket consent activities.**

**Waimea College requires that the following undertakings be agreed to by the parent/s or legal guardian on behalf of themselves and the enrolling student.**
